*It is up to us to do the work of
Tikkun Olam, healing our broken world.*

The Wolf River Conservancy's mission is to conserve and enhance the Wolf River corridor and watershed as a sustainable natural resource

For 25 years the WRC has been working to transform the urban Wolf into the backbone of a 30 mile park and greenway trail system that connects our diverse neighbors and neighborhoods to parks, schools, work and to each other. It is also working to protect, forever, 60 miles of wild, beautiful Wolf River floodplain forests and wetlands upstream for recreation, wildlife and aquifer protection.
