REDUCE – Gas Use Tips (click on underlined links to go there!)

The price of gas continues to climb. Here are some ways to save money on gas!

- 1) Slow down. [Each 5 mph you drive over 60 mph](#) is like paying an additional \$0.15 per gallon for gas.
- 2) If possible, [use cruise control on highway trips](#).
- 3) [When driving 40 mph or more use the air conditioner](#), it is more fuel efficient than having your windows rolled down.
- 4) [Fill up at a time of day when it is cooler](#). Gasoline is denser then, and you will get a little bit more gas for your dollar.

The web has many more tips to help you save on gas! Here is [one example!](#)

Remember Confucious says:

[A journey of a thousand miles begins with a single step!](#)
