

A Moment of Reflection

April 4th MLK Commemoration Events
April 3 - 4, 2010 • National Civil Rights Museum

Forty-two years ago Martin Luther King, Jr., a man who dedicated his life to freedom and equality—to demonstrating brotherly love and challenging others to aspire to the same—was assassinated at the Lorraine Motel. Each year the Museum honors his life with a program of remembrance to keep his legacy and the story of the civil rights movement alive in order to inspire participation in the ongoing struggle for civil and human rights globally.
