TEMPLE ISRAEL WEB SERVICES

Efficient. Effective. Excellent.

These words have been a rallying slogan of sorts for Temple staff members. We gather weekly and discuss what has been and what is to come. Our efforts are guided through a Berit Avodah, a covenant of sacred work for all who serve Temple. We diligently strive to “reflect Jewish values” and “meet our congregants’ needs.”

It is with this in mind that the staff of Temple is happy to announce an efficient, effective, and excellent way for Temple members to interact with Temple Israel!

It’s called Membership Management on the Web, and it ushers in a new way of doing business at Temple.

Each Temple family now has password-access to Membership Management, our secure database system. This now allows Temple members to update contact information, such as a new email or home address, make donations, and sign up (and pay) for events and programs.

Here’s the best part: with MM on the Web, the “middleman” is eliminated! When you login with your private password, all the data you give is directly inputted to Membership Management. This eliminates the need for Temple staff to do so, and gives “power to the people!” The donation module is particularly outstanding as it now is directly and securely inputted and processed into your own private account.

The best way to learn about MM on the Web is to login and explore. Go to www.timemphis.org and click the “Membership” Quick Link. Then, just click “Member Login.” Helpful hint: the very first time you do this, click “Forget your ID or password,” and that information will be automatically emailed to you. Then, you’re off to the races!

We hope you’ll agree that MM on the Web is for “Team Temple” (congregants AND staff), efficient, effective, and excellent!
