Message from the Teacher's Desk

Winter is around the corner and it seems like yesterday that our Pre-K boys and girls were walking through the classroom doors in shorts and sleeveless tops! They have learned so much in such a short time. The children anxiously await the arrival of each funny letter person. We began the year with Mr. N. He, as well as each letter person has songs, stories, and activities to go along with his letter. We had oodles of Noodles, Name place mats, and made noisy noisemakers. Mrs. Ruth's Letter Cans and books add to the letter fun. The children are able to feel the texture of the letters with the Handwriting Without Tears Curriculum. Mrs. Toba introduces science and cooking. We investigated the inside of a pumpkin, looked at an apple from all sides and turned it into applesauce watching it turn from a solid to a liquid.

Learning about the land of China was very exciting and we found it on the globe, tasted Chinese food, and heard the story of Tiki Tiki Tembo. We were also lucky enough to be visited by some very special grandparents from other countries. Elisa's grandfather from Brazil and Sarah's grandparents from Colombia. How Interesting!!!

What's Happening

Tuesday, December 15th
TIPPS Chanukah
Program & Dinner
615pm

December 21 -
January 1
Winter Break
