

“What Can YOU Do To Help?”

Dear Adam and Eve,

We’ve just sworn in a new president and everyone is hopeful. What can I do to support his endeavors on the environment?

Signed, Want to do Something!

Dear Wanna Do:

What an exciting time to live! Open your mind! Seek new ideas and new technologies!

EDUCATE YOURSELF! I suggest reading Eco children’s books because those explanations are easily understood and they have nice color pictures too! Subscribe to internet newsletters: You don’t have to agree with them on everything!

CHECK OUT NEW CHOICES! Talk to your enviro friends. Google! the internet. Insist that your decorator, your architect, your contractor, your heat/air guy, your plumber, etc. be knowledgeable in all the Eco choices available. If they’re not, educate them or find one who is!

ATTEND “GREEN” EVENTS! Like **Temple Israel Memphis Eco Expo, Sunday, February 8, 2009**, from 11:00 am -3:00 pm. In celebration of Tu Bishvat, you can visit 40 “green” exhibitors, watch new Eco movies, view children’s Eco art exhibits, nominate someone for “I Saved the Planet!” award, check out hybrid cars, calculate your carbon footprint, purchase a healthy lunch. Kid friendly-Adult Serious! It is open to everyone and it’s free!

And Remember!

RETHINK! REDUCE! REUSE! RECYCLE!

Please email questions/comments to DearAdamandEve@timemphis.org or write “Dear Adam and Eve”, c/o Temple Israel, 1376 E. Massey Rd., Memphis, TN 38120
