Message from the Teacher's Desk

Let's Talk Turkey!

L The air may be getting colder, and the days may be getting shorter, but there is no shortage of fun in the Gimmel Room. Our Gimmel friends have been busy categorizing colors, creating murals, adding shoes, playing music, completing puzzles, mixing play-dough, singing songs, exploring bugs, and running full speed ahead.

As the children begin celebrating their second birthdays, they are discovering all sorts of new abilities that have become available to them. During this time we focus on High/Scope developmental indicators that help the children relate to each other in positive ways.

In November we will explore our five senses. We will make sun catchers, smell different scents, listen and dance to new music, create a texture collage and have a Thanksgiving taste test. And

speaking of talking turkey, just ask our Gimmel friends...they will be sure to tell you all about it!

What's Happening
