

# “Germantown Recycling”

Dear Adam and Eve,

**I am bonkers about my new home, a condo in Germantown! But, I thought they had recycling here and I don't!**

Thanks, BG

Dear Bonkers!!

And you should be bonkers about a new home in the lovely suburb of Germantown. It's almost as pretty as our Eden, just not quite as historic!

According to Joe Nunes, Germantown Neighborhood Services Manager (by the way, a really nice person to chat with!), Germantown offers curbside recycling anywhere it offers trash pickup.

Apartments and sometimes condos contract with private companies for their trash pickup. In that case, Germantown cannot offer recycling. But, sometimes condo associations can contract with Germantown for trash pickup. If that can be done, then you would have recycling available to you.

Talk to your condo association president or manager and ask them regarding this. If you need Adam and Eve to help, please write us again.

And Remember!

**RETHINK! REDUCE! REUSE! RECYCLE!**
