

# “Hazardous Waste Facility”

Dear Adam and Eve,

**I have old computer parts, batteries, etc. How can I dispose of these?**

Thanks, Judy B

Dear Judy,

These are great examples of items that can be taken to our newish!! Hazardous Waste Facility. Open Tues and Sat from 8:30-1:00, it is located at 6305 Haley Rd. (in Shelby Farms Park area off Farm Rd. between Walnut Grove & Mullins Station). You'll see directional signs. You can just drive thru. They'll even unload for you.

They also take CFL's, paint, aerosol cans, etc. For a complete list, call 576-6851, ext 4, or go to <http://www.cityofmemphis.org/framework.aspx?page=870>

There is also an option of Reuse! There are groups that clean, repair and donate computers to schools and non-profit agencies. One that comes to mind is Covenant United Methodist Church, 8350 Walnut Grove, 9-5, M-F.

And Remember!

**RETHINK! REDUCE! REUSE! RECYCLE!**
